CAPITOL BOOK STORE

On July 30, 1964 a new State book store was officially placed into operation in the basement of the main Capitol building. This attractive store is open in Room 54 from 8:30 A.M., until 5:00 P.M., daily except Saturdays, Sundays and holidays and is more centrally located, thereby providing increased and better service to other Commonwealth agencies and to the public.

All publications, unless otherwise stated, that were currently sold through Division of Documents, Bureau of Publications, 10th and Market Streets as listed in this directory, will be sold through this store. There are approximately 1700 publications available ranging from pamphlets to bound volumes. Over one half of these are available in limited quantities, free of cost, while the others are sold for the cost of printing only. Larger quantities are also available for distribution by organizations.

A number of public interest films are available from several departments and are listed under the various agencies along with the publications.

CAPITOL BOOK STORE

On July 30, 1964 a new State book store was officially placed into operation in the basement of the main Capitol building. This attractive store is open in Room 54 from 8:30 A.M., until 5:00 P.M., daily except Saturdays, Sundays and holidays and is more centrally located, thereby providing increased and better service to other Commonwealth agencies and to the public.

There are approximately 1500 publications available ranging from pamphlets to bound volumes. Over one-half of these are available in limited quantities, free of cost, while the others are sold for the cost of printing only. Larger quantities are also available for distribution by organizations.

A number of public interest films are available from several departments and are listed under the various agencies along with the publications.

CAPITOL BOOK STORE

On July 30, 1964 a new State book store was officially placed into operation in the basement of the main Capitol building. This attractive store is open in Room 54 from 8:30 A.M., until 5:00 P.M., daily except Saturdays, Sundays and holidays and is more centrally located, thereby providing increased and better service to other Commonwealth agencies and to the public.

There are approximately 1500 publications available ranging from pamphlets to bound volumes. Over one-half of these are available in limited quantities, free of cost, while the others are sold for the cost of printing only. Larger quantities are also available for distribution by organizations.

A number of public interest films are available from several departments and are listed under the various agencies along with the publications.
